CPA  
EXAMINATION  
NOVEMBER  
1965

Thirty-four H&S offices are represented in the list of ninety-three successful candidates from the November 1965 CPA Examination. New York Office, with fourteen, had the largest number of them.

Out of thousands of eligible candidates, Robert E. Wailes, Jr. (Birmingham), a graduate of the University of Alabama who joined H&S in 1962, received the highest grade on all parts of the exam. For this achievement Bob will receive the Elijah Watt Sells gold medal awarded by the American Institute of CPAs. The gold medal represents the pinnacle of the awards system established by the Council of the Institute in 1923. A silver medal is presented to the second highest

scorer and from seven to ten certificates of honorable mention go to those whose papers are deemed outstanding. Considering the number eligible, these awards represent an outstanding accomplishment.

We are pleased to have in H&S not only the gold medal winner, but an honorable mention as well, received by Christopher E. Burns of Philadelphia. A 1959 graduate of the Wharton School of Finance and Commerce of the University of Pennsylvania, Chris joined H&S in 1963 after several years in business.

To both of these men and to all who successfully completed the exam, the Firm extends heartiest congratulations.
